AQUAPMO

# Business background

corporate philosophy

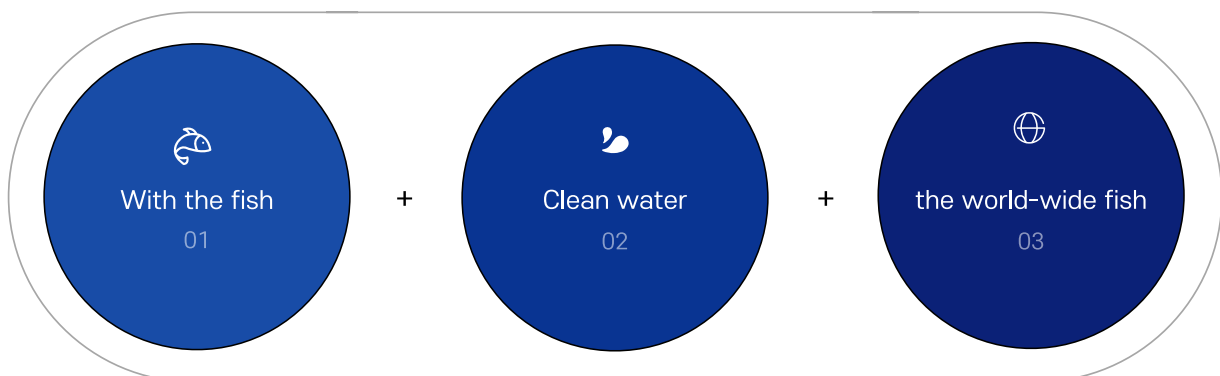

AQUAPMO

A company where fish  
and people coexist

## Company core values

We research and manufacture aquarium products that allow fish and humans to coexist together.

With the fish

01

+

Clean water

02

+

the world-wide fish

03

## An item to handle

Product name	Q'ty	capacity	Selection of bottles
Aquapmo bacteria for fish	2,000ea	150~ 5000ml	○
Aquapmo vitamin chlorine remover	2,000ea	150~ 5000ml	○
Aquapmo aquatic herb nutrition	2,000ea	150~ 5000ml	○
Aquapmo plants co2 (liquid)	2,000ea	150~ 5000ml	○
Aquapmo plants co2	2,000ea	150~ 5000ml	○

### bacterial preparation

It has our own culture method and nitrogen cycle optimization function, as well as decomposition of organic waste, ammonia removal, and nitrite relief from fish, and it contains no chemicals.

### Chlorine Neutralizer + Vitamins

This chlorine neutralizer is a chlorine neutralizer made up of natural ingredients with no chemicals added. And it contains chloramine removal effects, vitamin C, and b groups.

## An item to handle

### water plant nutritional supplements

It limits the growth of aquatic plants and does not cause moss due to the restriction of phosphate.

### co2 generator for water plants

It is a method of forming a film between water and gel, uniformly dissolving nutrients in a scientific way, filling a container, and generating co2 by osmotic pressure.

### Liquid carbon dioxide for water plants

Contains trace elements and nutrients important to aquariums and iron and carbon beneficial to aquatic plants

# Announcement

We are a production company specializing in ornamental fish products. Specialists develop and produce formulations suitable for ornamental fish directly, and customized formula production is also possible.

Please consult with the person in charge of our sales team for the quantity adjustment and unit price consultation for each item listed above.
